

**Notice of Completion**  
**Pinkerton Generating Station Project**  
**344 Bruce Road 15, Brockton, Ontario**

April 12, 2016

Joyrun Farms Inc (“Joyrun”), wholly owned by John and Irma DeVries is proposing to expand its existing 0.100 megawatt Pinkerton Generating Station to 0.245 megawatts by installing an additional turbine beside the existing turbine located on the Teeswater River. The project is subject to the Class Environmental Assessment for Waterpower Projects (“Class EA”) and is categorized as a project associated with existing infrastructure pursuant to the Class EA.

An Environmental Report (“ER”) has been prepared as required under the Class EA. The proposed project has been reviewed in a process consistent with the Class EA, the results of which are described in the Pinkerton Generating Station ER. The conclusions of the ER indicate the project will result in net positive effects after mitigation measures are applied. The ER will be electronically transferred to you today for review and comment. Joyrun must receive all comments in writing regarding the project and/or the ER no later than May 12, 2016.

All comments and correspondence should be sent to [mikebouk@greenbugenergy.com](mailto:mikebouk@greenbugenergy.com) acting on behalf of Joyrun or to Joyrun Farms Inc, R.R. # 4, Harriston, Ontario M7A 2T5.

Per the process outlined in the Class EA, interested parties must first attempt to resolve any outstanding issues with the proponent during the 30-day review period. In the event that issues cannot be resolved during the review period, the concerned party may make a written request, to the Minister of the Environment and Climate Change at the address noted below for a Part II Order under the Environmental Assessment Act. A copy of the Part II Order request must also be sent to Joyrun at the address note above.

Minister of the Environment and Climate Change  
11th Floor, Ferguson Block  
77 Wellesley Street West  
Toronto, Ontario M7A 2T5

Requests for Part II Orders must be made in accordance with the provisions set out in the Class EA and must be received by the Minister of the Environment and Climate Change no later than May 12, 2016. A copy of the Class EA for Waterpower Projects is posted on the Ontario Waterpower Association website at [www.owa.ca](http://www.owa.ca).

Under the *Freedom of Information and Protection of Privacy Act* and the *Environmental Assessment Act*, unless otherwise stated in the submission, any personal information such as name, address, telephone number and property location included in a submission will become part of the public record files for this matter and will be released, if requested, to any person.
